

Roll Clean with Jarvis

Introducing ...

✓ **Advantage™ Heat Caster Wheels**

Heat resistant wheels for autoclave applications

✓ **Advantage™ Health Caster Wheels**

Antimicrobial caster wheels for hospital, food service and cleanroom applications

Advantage™ Heat

- ✓ Unique soft tread wheel handles the heat for autoclave applications
- ✓ Wheels roll quiet and offer a smoother ride compared to traditional high temperature wheels
- ✓ Recommended for use in hospitals, laboratories and cleanrooms
- ✓ Corrosion resistant thermoplastics makes wheel perfect for washdown and steam clean applications
- ✓ Resilient tread material rejects floor debris compared to many dirt magnet wheels on the market

Choice of ball, stainless ball, precision ball, roller and delrin bearings available.

Advantage™ Health

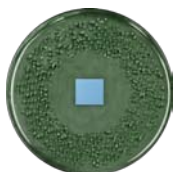

- ✓ New antimicrobial wheel is designed to suppress the growth of microbes including bacteria, mold and fungi.
- ✓ Recommended for use in hospitals, laboratories, food service industry and cleanrooms
- ✓ Additive in wheel is approved for use in the medical and food service industry, with the additive being certified by the FDA, EPA, and NSF.
